

Race to Zero for Universities & Colleges

Race to Zero for Universities & Colleges - Resources

Thank you for committing to the [Race to Zero for Universities and Colleges](#)

EAUC – the Alliance for Sustainability Leadership in Education, Second Nature and United Nations Environment Programme have collated the below resources which can help your institution anywhere in the world (some areas may be region specific but may still apply) to get to net zero.

If you require any support in developing your net-zero target, or if you are unable to meet any of the Race to Zero requirements, please contact Fiona (fgoodwin@eauc.org.uk) at EAUC.
